Itinerary Disclaimer

While it is our intention to adhere to the route described below, there is a certain amount of flexibility built into the itinerary and on occasion it may be necessary, or desirable to make alterations. The itinerary is brief, as we never know exactly where our journey will take us. Due to our style of travel and the regions we visit, travel can be unpredictable. The Trip Details document is a general guide to the tour and region and any mention of specific destinations or wildlife is by no means a guarantee that they will be visited or encountered. Aboard expedition trips visits to research stations depend on final permission.

Additionally, any travel times listed are approximations only and subject to vary due to local circumstances.

Important Notes

CULTURE

Central Asia is a region which may be very different to anything you have experienced before. Mixture of Soviet heritage and Islam, summer heat and winter cold, religious conservatism, traffic and crowds can result in initial culture shock but should be seen as an exciting new challenge.

DRESS CODE

Though you can see lots of people in traditional clothes, Central Asia has adopted western style clothing as well. Don't hesitate to pack your usual travel clothes: in summer it can be shorts and t-shirts, sandals etc. We recommend not to bring tank tops/singlets and any types of clothes with bare shoulders and backs - it is unacceptable in most areas, even in bigger cities. Our tour takes us to many religious sights, where dress code is very strict. We recommend women to have a headscarf in their day bags to cover up when going inside mosques (it's also a great help in the heat in summer). Best things to pack for the hot Central Asian climate is loose, long clothing - long trousers and sarongs or long skirts for women. In colder months (from the end of October through the end of April) it can rain and snow - bring warm clothes, jackets and comfortable warm shoes for walking.

ALTITUDE CONSIDERATIONS

This trip operates at altitudes over 800m (max altitude 3016m at Song Kul). Whilst we travel slowly allowing plenty of time to acclimatize you may experience headaches, nausea, lethargy, especially when visiting Song Kul & Iskandarkul. It is important to be aware of the affects of altitude on one's tolerance especially on long driving days.

MONEY

Due to the restrictions on changing money in Central Asia region, only notes/bills printed after 1996 and in good condition will be accepted for exchange. Usually 50 and 100 USD/EUR notes get better exchange

rate. We recommend to bring smaller denominations as well - many vendors accept them if you don't have local currency.

RAMADAN

According to the lunar cycle, Ramadan will fall between Mar 11th - Apr 8th 2024, and Mar 1st - Mar 29th 2025. Please note that Ramadan is a month of fasting observed by Muslims throughout the world, during which time the followers of Islam should not eat or drink between sunrise and sunset. There may be some limitations to services and disruptions to schedules during Ramadan, but generally our tours still operate effectively during this period and food is available to non-Muslims throughout the day. It is very important to display increased cultural sensitivity during Ramadan. Please wear loose fitting clothes, that cover knees and shoulders, and try to avoid eating, drinking or smoking in public out of respect for those who can't at that time.

COMBO TRIP

Please note that this tour combines with other tours. As such, the staff and some travel companions on your tour may have previously been traveling, prior to Day 1 of your tour. Likewise, some staff and travel companions may be continuing together, after your trip concludes.

ACCOMMODATION NOTE:

Please be aware that properties we stay in with only two stories may not have elevators installed and climbing the stairs with your luggage will be necessary.

Group Leader Description

All group tours are accompanied by one of our Chief Experience Officers (CEO). The aim of the CEO is to take the hassle out of your travels and to help you have the best trip possible. They will provide information on the places you are travelling through, offer suggestions for things to do and see, recommend great local eating venues and introduce you to our local friends. While not being guides in the traditional sense you can expect them to have a broad general knowledge of the countries visited on the trip, including historical, cultural, religious and social aspects. We also use local guides where we think more specific knowledge will add to the enjoyment of the places we are visiting- we think it's the best of both worlds.

Joining Instructions

When you arrive to Bishkek International Airport (Manas International Airport), you will have two options to get to your starting hotel.

TAXI: we always recommend printing out the address of the hotel (in the native language as well as English if available), to show to your taxi driver.

Once you exit from the customs area there will be a lot of drivers offering taxi services, but on the ground floor there is also an Information Desk where you can get assistance with arranging an official taxi service.

If you have paid in advance for an arrival transfer, a representative will be at the airport to meet you. If for any reason you are not met at the airport, please call our local support line. If you are unable to make contact for whatever reason, please make your way to the joining point hotel via taxi.

Please note that day 1 is an arrival day and no activities have been planned on this day.

Upon arrival to your Joining Hotel (note that check-in time will be in the afternoon), look for a note or bulletin board in the reception with a note from your CEO. This note will give the details of your Welcome Meeting on day 1 (usually between 5pm and 7pm), where you will get a chance to meet your CEO and other travellers, as well as learn more about how the tour will run. If you don't see a note, please ask reception for details!

If you are arriving later and will miss the Welcome Meeting, your CEO will leave a note at reception for you with any information you may need, and with morning instructions for the next day.

Arrival Complications

We don't expect any problems, and nor should you, but if for any reason you are unable to commence your trip as scheduled, as soon as possible please contact your starting point hotel, requesting that you speak to or leave a message for your CEO (if you are not on a group tour please refer to the emergency contact details provided in this dossier). If you are unable to get in touch with your leader, please refer to our emergency contact details. If you have pre-booked an airport transfer and have not made contact with our representative within 30 minutes of clearing customs and immigration, we recommend that you make your own way to the Starting Point hotel, following the Joining Instructions. Please apply to your travel agent on your return for a refund of the transfer cost if this occurs.

Emergency Contact

Should you need to contact us during a situation of dire need, it is best to first call either the G Adventures Local Representative (if one is listed below) or our G Adventures Local Office. If for any reason you do not receive an immediate answer, please leave a detailed message and contact information, so they may return your call and assist you as soon as possible.

AIRPORT TRANSFER

If you have purchased an arrival through G Adventures or if an arrival transfer is included in the cost of your tour, please note that:

Your arrival transfer has been arranged based on flight information provided to us. If you are advised of a flight schedule change or flight cancellation within 48 hours of your scheduled arrival time, please call the emergency contact number to advise of your new arrival flight information. If you do not, we will not be able to rearrange your arrival transfer and you will need to make your own way to the starting hotel at your own expense. If your arrival transfer does not arrive within 30 minutes after you have exited the arrivals area please take a taxi to your start point hotel.

If your call is specifically concerning Airport Transfer complications please call our local G Adventures Transfer provider directly: Mr. Arlan +996700602090, Mrs. Asel +996777202888

What to Take

What you need to bring will vary according to the trip style you have chosen, the countries you are visiting and when you are travelling. Generally speaking though, you should pack as lightly as possible. On the vast majority of our trips you are expected to carry your own luggage (please see below for exceptions), and though you will not be required to walk long distances with your luggage (max 30 minutes) we recommend keeping the weight under 10kg/22lb.

Suitcases are not recommended! Most travellers carry their luggage in a backpack, although an overnight bag with a shoulder strap would suffice if you travel lightly. Smaller bags with wheels are acceptable, although we recommend your bag has carry straps as well, as you may be required to negotiate bus and railway station steps. You will also need a day pack/bag to carry water and a camera etc for day walks and day trips.

Spending Money

Every traveller is different and therefore spending money requirements will vary. Some travellers may drink more than others while other travellers like to purchase more souvenirs than most. Please consider your own spending habits when it comes to allowing for drinks, shopping and tipping. Please also remember the following specific recommendations when planning your trip.

Money Exchange

In general Central Asia is a cash operating region, and travellers cheques are not recommended. Due to bank restrictions, only banknotes printed after 1996 can be exchanged. Better to bring notes without marks or stamps on them. We recommend to bring about 70 USD in small denominations: 1, 5 and 10 USD notes. If you are not able to get local currency it's always possible to pay in USD or EUR.

Uzbekistan

There are lots of ATM's to withdraw local currency (UZS), and banks around to exchange USD or EUR. Travellers cheques are not recommended, as only limited amount of banks work with them. Please, note that you can withdraw only local currency (Uzbek Sums) from ATM's. Some banks in Tashkent allow USD cash advance, but this option depends on the amount of USD cash in the bank.

Kazakhstan

The preferred currency for local transactions is the tenge, and local establishments rarely accept credit cards so keep cash on hand. ATMs in Kazakhstan are accessible in the larger cities, and withdrawals can be made by credit card. There are many currency exchange locations available to exchange EUR, USD, GBP, Russian rouble, Kyrgyz som and Chinese yuan.

Kyrgyzstan

The preferred currency for local transactions is the som, and local establishments rarely accept credit cards so keep cash on hand. There are many of ATMs accessible in Bishkek and other larger cities such as Cholpon Ata and Karakol. Larger cities will also have money exchange locations that will trade EUR, USD, Roubles; some locations will trade GBP, and Chinese yuan.

Tajikistan

The preferred currency for local transactions is the somoni, and local establishments rarely accept credit

cards so keep cash on hand. You may be able to pay in USD and EUR in some places, however, it is recommended that you take out somoni at ATMs in Dushanbe; there are very few ATMs outside of Dushanbe, and those that exist are less dependable.

Emergency Fund

Please also make sure you have access to at least an additional USD \$200 (or equivalent) as an 'emergency' fund, to be used when circumstances outside our control (ex. a natural disaster) require a change to our planned route. This is a rare occurrence!

Tipping

In Central Asia It is not customary to tip service providers such as waiters, but it is very appreciated, depending on the service we recommend 3-5%. Tipping shows an expression of satisfaction with the people who have assisted you on your tour. Although it may not be customary to you, it is of considerable significance to the people who will take care of you during your travels. There are several times during the trip where there is opportunity to tip the local guides or drivers we use. You may do this individually, or your CEO will offer to collect the money and tip as a group. Recommendations for tipping drivers and local guides would range from \$2-\$3 USD per person per day depending on the quality and length of the service; ask your CEO for specific recommendations based on the circumstances and culture. Also at the end of each trip if you felt your G Adventures CEO did an outstanding job, tipping is appreciated. The amount is entirely a personal preference, however as a guideline \$20-25 USD per person, per week can be used.

Health

Please note inoculations may be required for the country visited. It is your responsibility to consult with your travel doctor for up to date medical travel information well before departure.

You should consult your doctor for up-to-date medical travel information well before departure. We recommend that you carry a First Aid kit and hand sanitizers / antibacterial wipes as well as any personal medical requirements. Please be aware that sometimes we are in remote areas and away from medical facilities, and for legal reasons our leaders are prohibited from administering any type of drug including headache tablets, antibiotics, etc. In Asia pharmacies tend to stock the same western drugs as you get at home but they are usually produced locally so please bring the full drug name with you when trying to purchase a prescription drug. When selecting your trip please carefully read the brochure and itinerary and assess your ability to cope with our style of travel. Please refer to the Physical and Culture Shock ratings for trip specific information. G Adventures reserves the right to exclude any traveller from all or part of a trip without refund if in the reasonable opinion of our CEO they are unable to complete the itinerary without undue risk to themselves and/or the rest of the group.

Safety and Security

Many national governments provide a regularly updated advice service on safety issues involved with international travel. We recommend that you check your government's advice for their latest travel information before departure. We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes, which is the most secure way of storing your valuables. A lock is recommended for securing your luggage. When travelling on a group trip, please note that your CEO has the authority to amend or cancel any part of the trip itinerary if it is deemed necessary due to safety concerns. Your CEO will accompany you on all included activities. During your trip you will have some free time to pursue your own interests, relax and take it easy or explore at your leisure. While your CEO will assist you with options available in a given location please note that any optional activities you undertake are not part of your itinerary, and we offer no representations about the safety of the activity or the standard of the operators running them. Please use your own good judgment when selecting an activity in your free time. Although the cities visited on tour are generally safe during the day, there can be risks to wandering throughout any major city at night. It is our recommendation to stay in small groups and to take taxis to and from restaurants, or during night time excursions.

Protests and Demonstrations- Protests and demonstrations, even those that are well intended, have the potential to turn violent with no warning. Counter protests can also turn violent. Action by security forces to disperse demonstrators and protesters may occur at any time. If you are in an area where demonstrators or protesters are gathering, avoid the temptation of staying for a good photo opportunity and leave the area immediately.

Water based activities have an element of danger and excitement built into them. We recommend only participating in water based activities when accompanied by a guide(s). We make every reasonable effort to ensure the fun and adventurous element of any water based activities (in countries with varying degrees of operating standards) have a balanced approach to safety. It is our policy not to allow our CEOs to make arrangements on your behalf for water based activities that are not accompanied by guide(s).

Swimming, including snorkeling, is always at your own risk.

We take all prudent measures in relation to your safety. For ways to further enhance your personal safety while traveling, please visit:

www.gadventures.com/travel-resources/safety/

Trip Specific Safety

We strongly recommend the use of a neck wallet or money belt while travelling, for the safe keeping of your passport, air tickets, travellers' cheques, cash and other valuable items. Leave your valuable jewellery at home - you won't need it while travelling. Many of the hotels we use have safety deposit boxes which is the most secure way of storing your valuables. A lock is recommended for securing your luggage.

A Couple of Rules

Illegal drugs will not be tolerated on any trips. Possessing or using drugs not only contravenes the laws of the land but also puts the rest of the group at risk. Smoking marijuana and opium is a part of local culture in some parts of the world but is not acceptable for our travellers. Our philosophy of travel is one of respect towards everyone we encounter, and in particular the local people who make the world the special place it is. The exploitation of prostitutes is completely contrary to this philosophy. Our CEOs have the right to expel any member of the group if drugs are found in their possession or if they use prostitutes.

Travel Insurance

Travel Insurance: Travel insurance is compulsory in order to participate on any of our trips. When travelling on a group trip, you will not be permitted to join the group until evidence of travel insurance has been sighted by your CEO, who will take note of your insurance details. When selecting a travel insurance policy please bear in mind that all clients must have medical coverage and that we require a minimum coverage of USD 200,000 for repatriation and emergency rescue. We strongly recommend that the policy also covers personal liability, cancellation, curtailment and loss of luggage and personal effects. If you have credit card insurance we require proof of purchase of the trip (a receipt of credit card statement) with a credit card in your name. Contact your bank for details of their participating insurer, the level of coverage and emergency contact telephone number.

Local Dress

Central Asian dress is quite conservative. Plan to pack loose-fitting light clothing appropriate for hot weather and plan to cover knees, shoulders and chest. For women, a hair scarf is recommended, though they are easy to buy in country.

Feedback

After your travels, we want to hear from you! Your feedback information is so important to us that we'll give you 5% off the price of your next trip if your feedback is completed on-line within 30 days of finishing your trip. Your tour evaluation will be e-mailed to you 24 hours after the conclusion of your trip. If you do not receive the tour evaluation link in the days after your tour has finished, please drop us a line at customersolutions@gadventures.com and we will send it on to you.

Minimum Age

You must be 18 to travel unaccompanied, on a G Adventures tour. For minors travelling with a guardian over 21 years old, the minimum age is 12.

International Flights

Check-in times and baggage allowances/restrictions vary by airline and can change at any time. For the most up-to-date information for your flight, please contact your airline. We recommend checking in online in advance to avoid potential delays at the airport.
